GOVERNANCE

APPLICATION

MANAGEMENT "BR"

STAKEHOLDERS INVOLVEMENT

WHOM DO WE NEED?

Further stakeholder inclusion (identification, mapping, analysis, recognition with research methodologies (e.g. SNOWBALL technique)

- Local action groups
- Local producers and associations
- Chambers of Commerce
- Youth
- NGOs
- and more.....

STAKEHOLDERS INVOLVEMENT

WHAT DO WE NEED?

an

INCLUSIVE

FLEXIBLE

REALISTIC

**MANAGEMENT PLAN OF THE PARNON-
MALEAS BIOSPHERE RESERVE**

INTRO

I – Drafting a framework from existing management plans

II - Information and capacity building to increase awareness and common understanding

STAGE 1

Thematic **working groups** focused on social-economical development (agriculture, education, tourism, fishery, craft, culture, research, etc.)

RESULTS: setting priorities through voting and selection of representatives

WORKSHOP TECHNIQUES: backcasting methodology, issue and solution trees charette, world café

STAGE 2

Reality check / gap analysis / dialogue platform

RESULTS: Priorities and common objectives

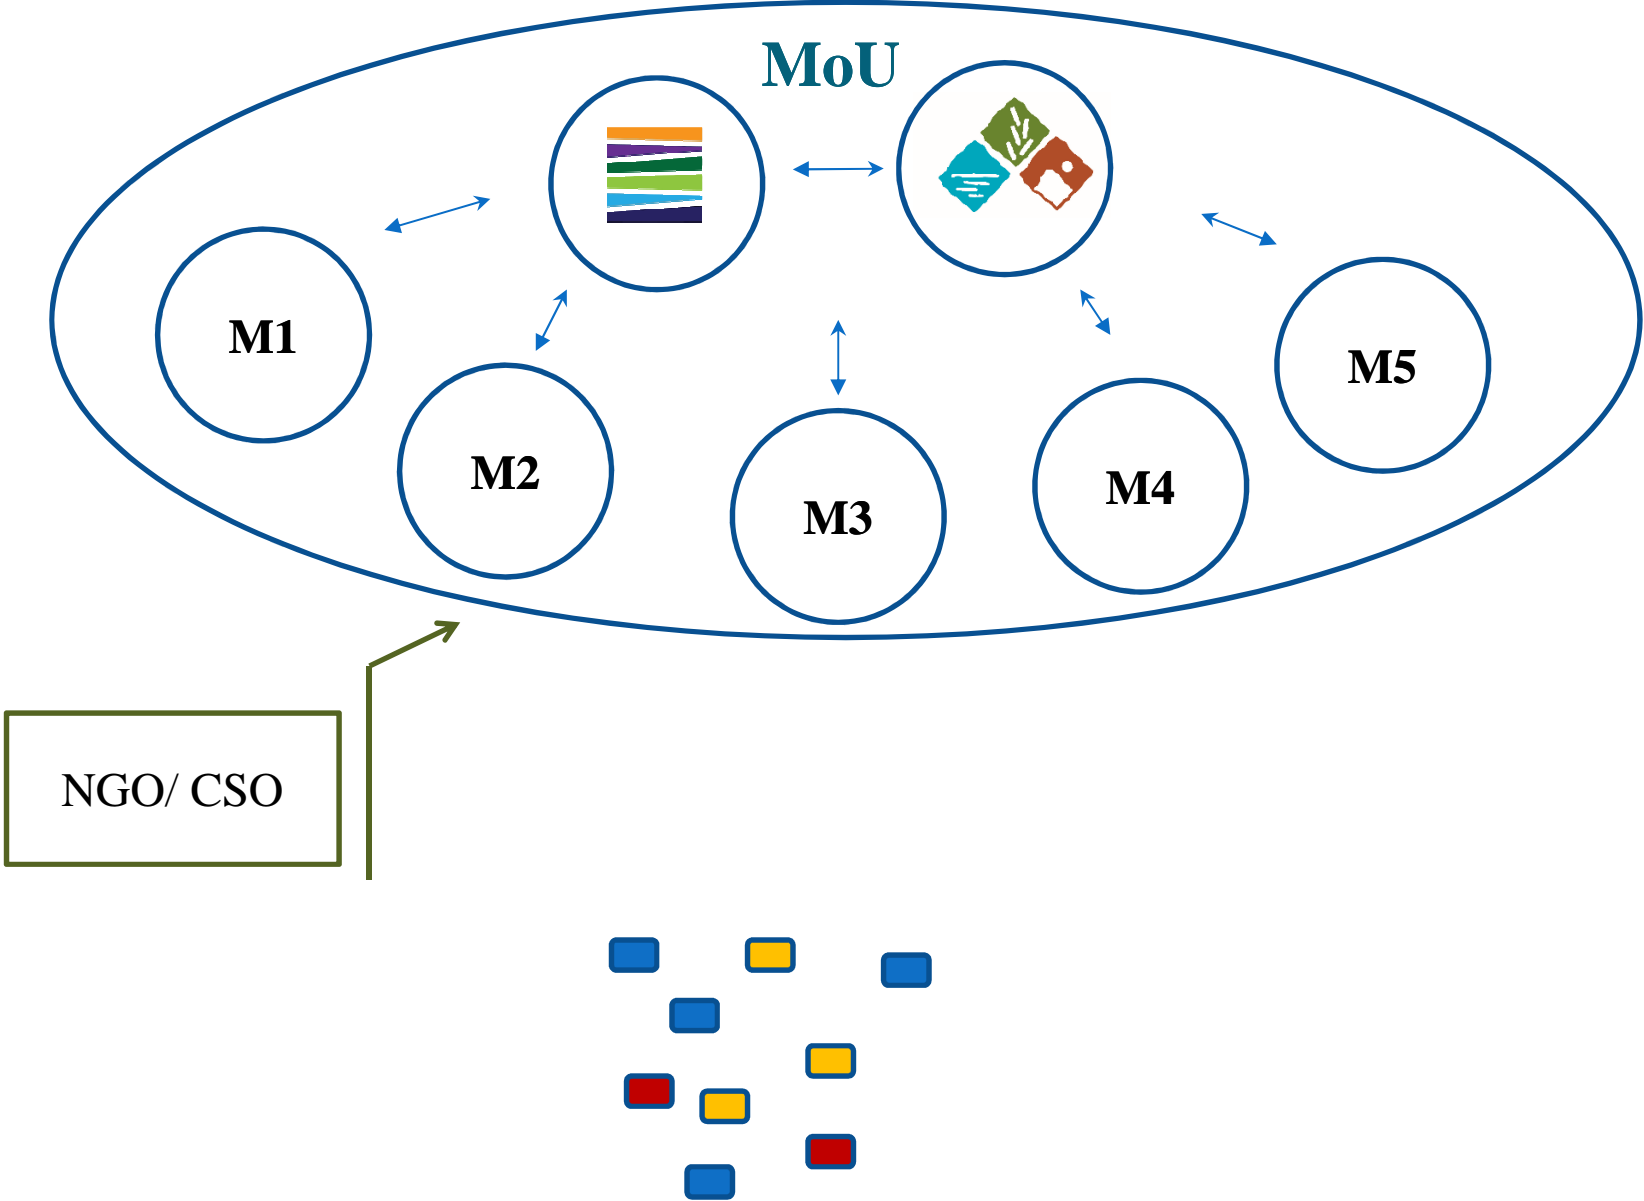

STAGE 3

Workshop for **cross-sectoral groups** of representatives from stage 1

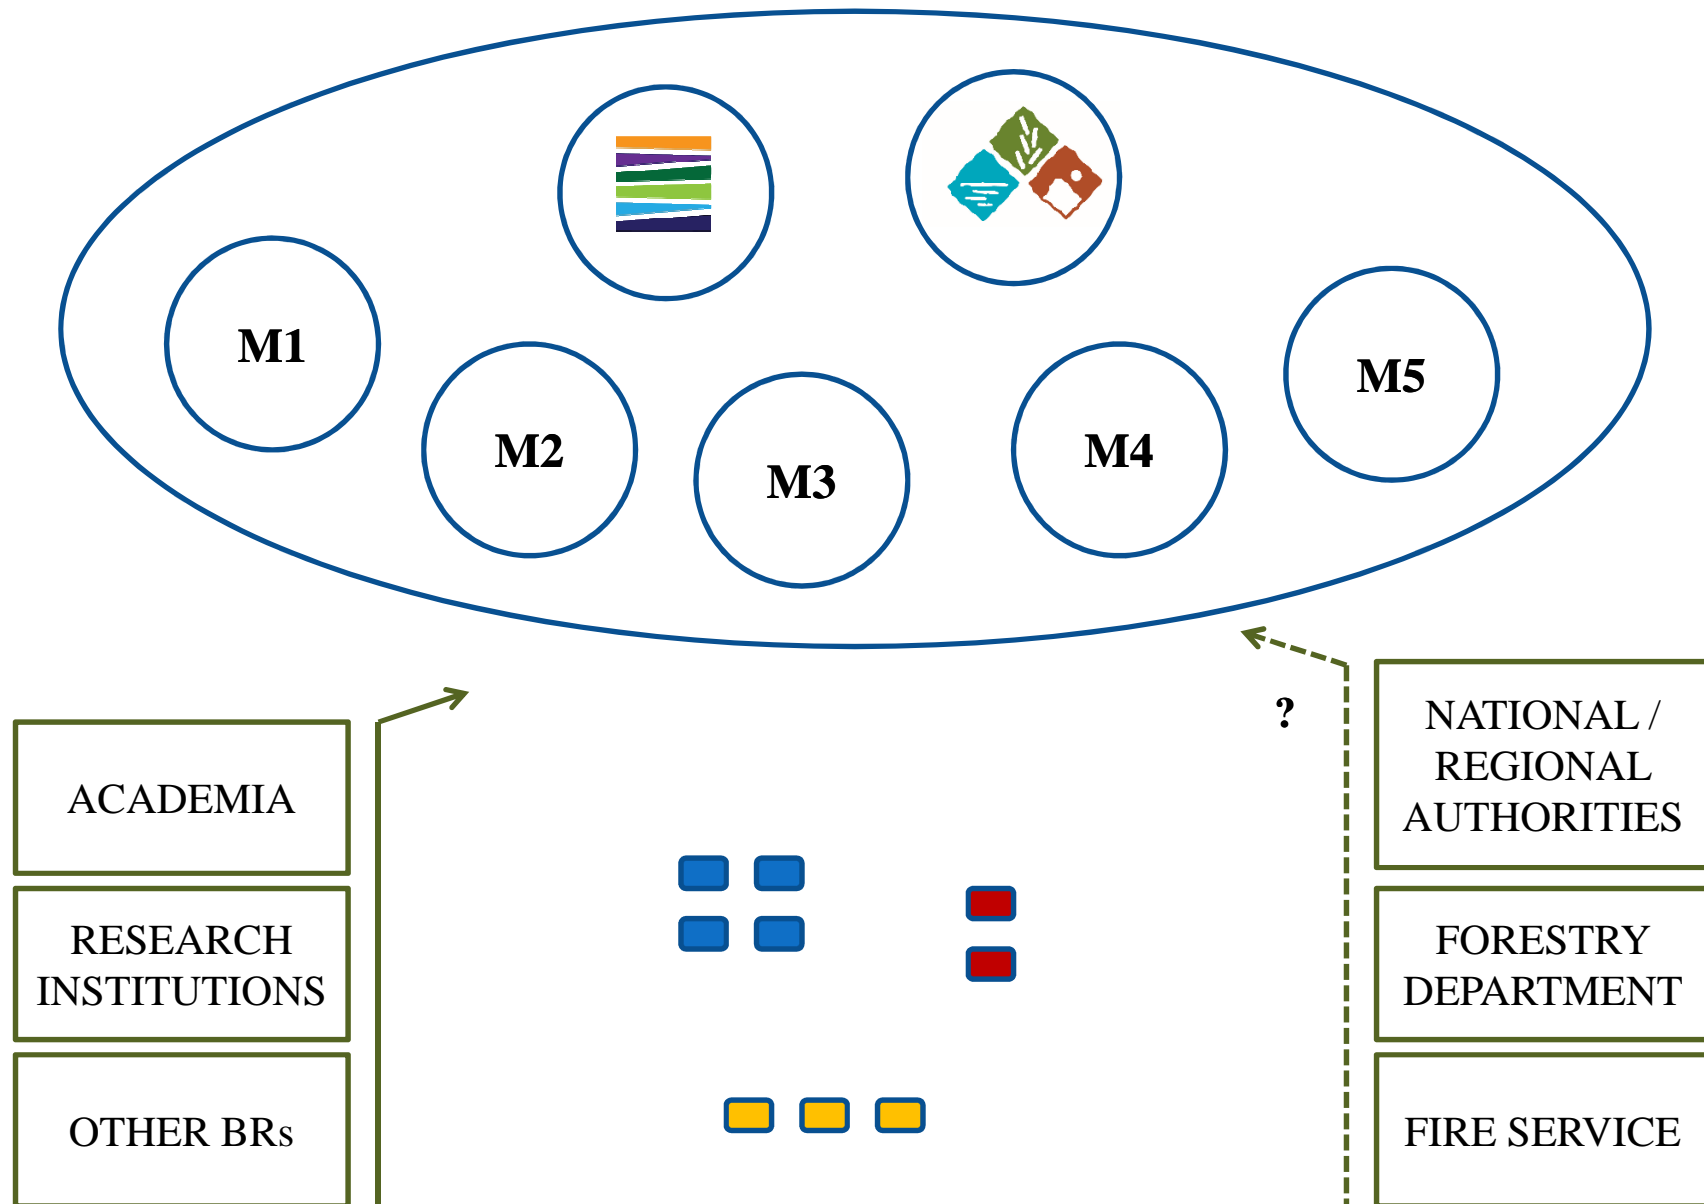

RESULTS: Commitments (Steps, timeline, actions, resources they commit to and monitoring indicators)

Implementation and monitoring (adaptive management)

STAKEHOLDERS INVOLVEMENT

HOW DO WE ACHIEVE IT?

STAGE 2

IV – Workshop for cross-sectoral groups of representatives from stage 1

V – Commitments (Steps, timeline, actions, resources they commit to and monitoring indicators)

STAGE 3

Implementation and monitoring (adaptive management)

STAKEHOLDERS INVOLVEMENT

HOW DO WE ACHIEVE IT?

I – Drafting a framework from existing management plans

II - Information and capacity building to increase awareness and common understanding

STAGE 1

III – Thematic working groups focused on social-economical development (e.g. agriculture, education, tourism, fishery, craft, culture, research)

IV – WORKSHOP TECHNIQUES: backcasting methodology, issue and solution trees charette, world café

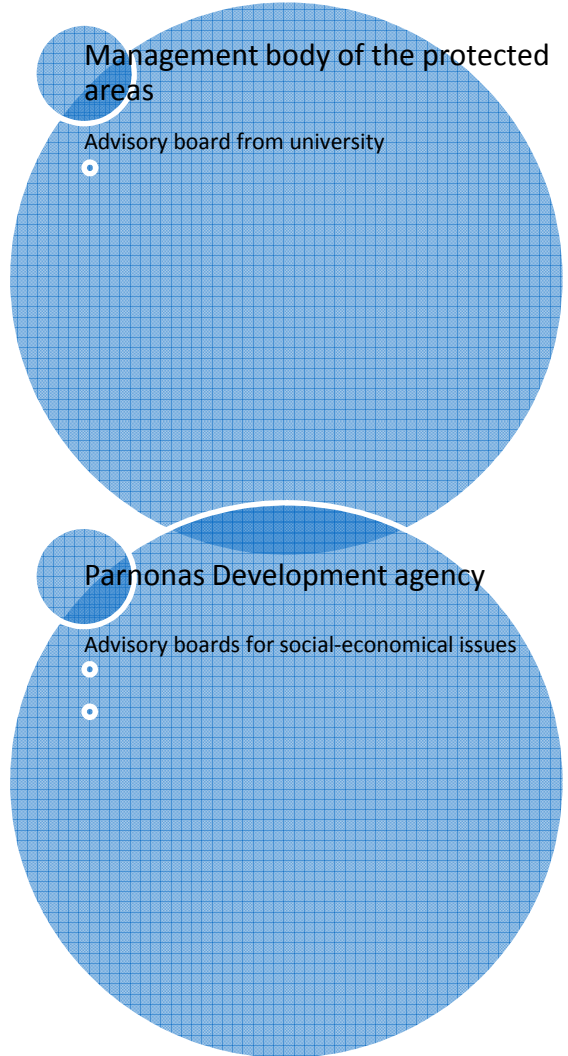

Results of workshop1: setting priorities through voting and selection of representatives

REALITY CHECK – GAP ANALYSIS – DIALOG PLATFORM

Notes from working group

Governance of the BR

- Advisories: MAB national commission – but not necessary; University (consultants)
- Committee representatives from 2 main stakeholders and several other authoritative figures with connected advisory boards related to the field.

Management body of the protected areas

Advisory board from university

Parnonas Development agency

Advisory boards for social-economical issues

Governance of the management plan

- Reflection on the stakeholders – inclusion
- Schematic
- Mandate to the consultancy for the work
- Members of the board
